There are few people that are willing to purposefully bring their whole self to work every day. Being true, dedicated and passionate are rare qualities. I first met Donna many years ago while involved in designing for Tourism Abbotsford. During our first meeting I already knew she was one of those rare people!

As the years have gone by, I consider myself to be privileged to continue working with her. It's not a surprise to see that she's accomplished so many great things since then! As a graduate in Media & Cultural Studies and Graphic Design, I wish every client could be like her. She's understands what it takes to build a focused campaign and she trusts her colleagues to accomplish the job they were given. Donna builds on positive leadership, trust and teamwork.

If I had the power to hire someone to represent myself, my company and my viewpoint, it would be Donna. She'll bring you wherever you want to go!

Sincerely,

Sara Elias
Creative Director
Hiwire Creative Group Ltd.
